We dedicate this yearbook to the new Abington High School, built in 2017.

Together we made the journey from the old high school to the new. And being the first graduating class we paved the journey for others...

"Don't forget where you came from, but never lose sight of where you are going."

Editors' Letter

Dear Class of 2018,

Welcome to our yearbook! The theme of our yearbook is Journey. Our high school experience has been one of the craziest roller coasters in existence. We grew up through so many extraordinary events both in and outside of our town. We have grown not only as a class, but as a family. Through so many adventures, our class has endured it all. The largest change for us was OUR BRAND NEW SCHOOL. We are so fortunate to be the first graduating class from the new high school. This new era of technology and learning is headed by the first to make it out of the school: us.

We would like to thank every contributor for helping us to create a book for all. Thanks to yearbook advisor Mrs. McHugh for her leadership and knowledge. Also, thanks to Lifetouch advisor Debbie Cohen for her incredible guidance through the yearbook process. We would be lost without those two. Lastly, thank you to, well, you! Your spirit and participation filled this yearbook with so much character and so many exciting memories. You have truly made high school a great time to photograph. Our goal is to take these memories and freeze them forever in this yearbook. We hope you can look back at this memoir and it will take you back to our journey through high school.

Letter From Administration

Dear Class of 2018,

It has been my privilege to watch you grow over the last four years. As your teacher, your travel partner, and then your Assistant Principal, I am happy and proud to have been a part of your high school experience. I hope you look back on these years and fondly remember everything you accomplished while you were here. You contributed to the Abington High School community in so many ways and have left behind a positive legacy of intellect, service, and Green Wave pride. As you go off into the world, don't forget to hold on to the hopes and dreams of your childhood. As Walt Disney once said, "Laughter is timeless, imagination has no age, and dreams are forever." Remember not to let the worries of the world hold you back, be a dreamer, and live a life that makes you happy! Explore the world, reflect on your choices, and work hard!

Congratulations and best wishes!

Ms. Louko, Assistant Principal

To the Class of 2018,

You hold a significant place in our school history as the first class to grace the halls of this beautiful new facility and proudly graduate. I hope you take with you the lessons you learned from the curriculum provided to you but, more importantly, I hope you leave here with a strong sense of community and caring that we believe will serve you well in your future endeavors. AHS is a special place and I hope a special part of your youth that you will remember fondly. The best advice I can offer you comes from William Jennings Bryan, "Destiny is not a matter of chance. It is a matter of choice." Make good choices!

Congratulations on finally finishing the "journey" that is high school. And for your class, what a literal journey it was indeed. You all have the distinction of being the very first class to graduate from the new, state of the art Abington High School.

As seniors you'll keep hearing that word: "journey". Parents, teachers, and community members will comment on the journey that you have taken to get you to this point. The obstacles you overcame, the triumphs you shared, even the losses that you suffered. All of these events shaped both who you are as individuals and what your class was as a whole. It is easy to see your education as a journey, a long trek towards a goal or end point. At times it probably seemed like you would never be done with exams or finish those endless papers or numerous equations. As your advisors we have both watched your class mature and grow as you trekked along and, as alumni, were reminded of all those moments that got us to our final destination too. The excitement of the prom, the anxiety of the junior class auction, that moment after submitting our college applications, making final plans for careers, or formally signing up for the service where the light at the end of the tunnel beamed a little brighter.

However, it's those moments of the journey that you will remember most. Of course, the destination is wonderful and a true testament to your hard work and dedication but it's the stops along the way will stay with you for the rest of your lives. It has been our honor to be a part of your four years and while we wish you luck on your next "journey", whatever it may be, we hope that you take the time to stop and enjoy the view. Best of luck and congratulations!

-Ms. Megan Tomlin
Mrs. Lauren Bates

Letter From the Advisors

Letter From the Officers

Dear Class of 2018,

We Did It!!!

When we walked in to freshman orientation, people told us "Don't wish your high school years away, because they are going to be the best years of your life and it's going to go by fast." Well, here we are four years later and now we see that they were right, and our time here has gone by in the blink of an eye. Although we are ready to move on with the next chapter of our lives, we cannot thank you enough for the amazing memories.

We want to thank you for all your support throughout the years. Through car washes, countless fundraisers, and the Junior class auction, the hard work of the class pulled us together and we made great events and memories that will stick with us forever. We look forward to seeing how everyone will evolve in the years following graduation and what we'll all be like when it comes time for a reunion.

It has been a pleasure to be your class officers, and we wish you the best!

Congratulations Class of 2018!

Sincerely, Your Class Officers,

President: Laurel Blanchard

Vice President: Dylan Gately

Secretary: Alana Burgess

Treasurer: Lillie Morgan
